Detailed information available at the System for Award Management website (SAM.gov) under New Precision Technology, LLC (dba USI).

To Our Valued Customers,

Greetings! On behalf of everyone at USI, I want to say how grateful we are for your loyalty and how excited we are for the future.

There are many things happening at USI. First of all, we're growing! We've increased the size of our laminating machine manufacturing facility in Connecticut. This expansion should be completed during the first quarter of the year and will allow us to continue to offer the highest quality laminators backed by the industry's best warranty. In addition, we've added new features to our website. Placing orders online and keeping track of your order history have never been easier. We've also added many new products to our offering. Browse this catalog or contact us to learn more about them.

As always, our commitment to product quality and best-in-class customer service is as strong as ever. Contact us by phone or email if you have questions or need product information. You can place orders on our website, by calling us, and by sending us purchase orders via fax, email and regular mail. Once again, thank you for being a customer. We've been in business since 1975 and our goal remains the same...to be Simply the Best!

Sincerely,

Peter Gianacoplos

President & CEO

THE INDUSTRY'S BEST!

**Enhanced Warranty
& Protection Plan (EWPP)**

Enjoy more coverage for **FREE** on USI's best-selling CSL 27", ARL 27" and ARL 40" roll laminators!

USi® Roll Laminators and Kits

Thermal Roll Laminators

These popular laminators provide quality finished laminates that protect documents, create displays, and more. These laminators warm the laminating film and the nip rollers. The nip rollers apply pressure to squeeze the melted adhesive onto the item to complete the lamination process.

USi® Opti Clear
Premium Roll Laminating Film

Superior thermal adhesion
and lower melting temperature
than Standard and School films.

Unequaled crystal clear finish

Installing and changing rolls of film
can be tricky. USi's® Color Coded
films remove uncertainty and
ensure that your rolls are installed
properly every time.

USi® Thermal Roll Laminating Film (cont'd.)

Standard

USI Standard film is a quality thermal laminating film that's excellent for projects that have heavier ink coverage and need additional bonding strength. This film is supplied with the USI ColorCoded rolls for easy installation and use. **Adhesive activates: 260°-280° (F), 127°-138° (C)**

Mounting Boards

USI offers a wide selection of mounting boards to satisfy any project – whether you're doing off-line mounting using a foam board with a self-adhesive and removable release liner, or in-line mounting with USI's ProMount boards that come with a heat-activated adhesive.

Uncoated Boards

These boards come with no adhesive on them. A spray adhesive or something similar must be used.

3/16"
Foam Board

Self-Adhesive (Cold) Pouch Boards

Self-adhesive pouch boards are cold adhesive boards (i.e., no heat required) with an attached cold laminate film overlay. Use self-adhesive pouch boards to easily adhere a print to a rigid board and laminate the surface of your graphic in one easy process.

NO HEAT REQUIRED

1. Lift over-laminate film from board and place your print.

2. Lay film forward over the top roller and send print through laminator to adhere film to surface of print.

3. Raise your laminated print off the board and remove coversheet to expose adhesive on the board.

4. Mount your laminated print using a laminator or by hand.

USI Self-Adhesive Foam Pouch Boards

3/16" thick white foam board that has "memory" to resist dents. Lightweight and easy to cut. 10/box

Weekly Wall Calendars **:Wipe 100% clean...NEVER LEAVE MARKER STAINS!!!:**

Organize your schedules, assignments, events, and projects with these new, high quality dry erase, laminated weekly calendars. Available in 1-week and 2-week options, these calendars are easily readable, printed in black, and laminated with a special film that prevents ghosting or staining from markers. They wipe 100% clean. You will be amazed at how well these calendars keep their original appearance. Simple to install, they adhere quickly and easily to walls using common push pins or 2-sided adhesive poster mounts (not included). Use with dry erase markers from Expo, Quartet and others. Stay organized with these terrific calendars that are ideal for busy offices, classrooms and even households!

Luxor Audio/Visual Carts (24" x 18" x 42.5")

Made from recycled plastic, these durable AV carts will not scratch, dent, rust or stain. Each of the three 1.5"-thick flat shelves have a 0.25" retaining lip and a textured surface to keep contents from sliding during use or transport. Square legs provide sturdy support and four 4" ball bearing casters (with two locking brakes), coupled with a push handle molded into the top shelf, allow easy transport. Each cart has a recessed, three-outlet UL-Listed electrical assembly for convenient power access. The carts with the cabinets include a 20-gauge steel locking cabinet for storing equipment.

We Make It Easy!

1. Place your order online or by contacting our Customer Service team.
2. Email any artwork (e.g. logo, image) and creative ideas to graphicproduction@usi-corp.com. Artwork files should be high-resolution images saved as .jpg, .png, .tiff, or vector files. Vector files include Adobe Illustrator, .pdf and .eps files. Work with our design team to review artwork proofs.
3. Fast turnaround!
4. Enjoy the benefits of your professionally prepared custom displays!

NO SETUP FEES!

We are here to help you make this a quick and easy process. We will help you prepare your artwork for production at **NO ADDITIONAL COST!**

FREE SHIPPING

All print services orders in the Continental United States ship via standard shipping for FREE. 2-day or next day shipping is available for an additional charge.

5-STAR CUSTOMER SERVICE!

Our Customer Service team will keep you updated on the status of your order from proofing to production to delivery!
